The FOCUS Difference

“Your go-to home
improvements company”

Focus Home Improvements is a family-owned and operated business with 35+ years' experience as a leader in home improvements across South Australia, including the Adelaide region.

The Focus difference is that we understand how valuable home improvements are to your family. This is why we strive for 100% customer satisfaction on every project, big or small.

Our trained professionals use locally manufactured products of the highest quality on your home, as if it were our own. But the best part is that we will always offer the best value for your money.

Our Guarantee

you can trust us with your home

Fully insured

For your peace of mind, we carry a \$20m Public Liability Insurance policy.

Professional Service

All trades people are highly trained in their field of expertise and are fully licensed.

Industry Experienced

With 35+ years of industry experience you can rest assured Focus Home Improvements will offer a professional and efficient service.

Family-Owned

We use locally manufactured products of the highest quality on your home with the utmost professional installations, as if it were our own.

MASTER BUILDERS

Master Builders

We are proud to be a long-standing member of the Master Builders SA Association.

FOCUS Re-Roof

Nothing but the best for your home
as if it were our own

Our Materials

A wide variety of **COLOURBOND®** colours that suit any home facade.

BHP Zinalume® zinc/aluminium alloy coated steel. High tensile 0.42 base metal thickness (BMT) and 0.487 total coated thickness (TCT).

BHP COLOURBOND® pre-painted **Zinalume®** steel. High tensile 0.442 base metal thickness (BMT) and 0.487 total coated thickness (TCT).

Zinalume® substrate lasts up to 4 times longer than galvanised iron.

5 Year Warranty

on workmanship

+ 25 Year Warranty

on all BHP products

Our warranties are issued and back by BHP, the Big Australian

FOCUS 3-Step Re-Roof Process

1

Step 1

All existing purlins are checked for structural integrity

2

Step 2

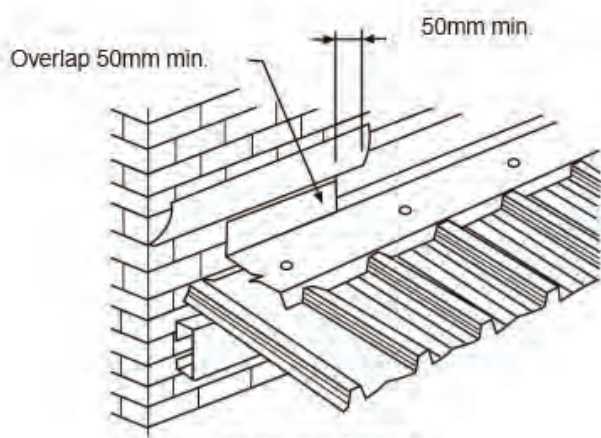

New valleys are installed and new roof is laid using colour-matched **Buildex**[®] self-drilling roofing screws

3

Step 3

New barge caps replace old timber barge caps reducing unnecessary maintenance and painting

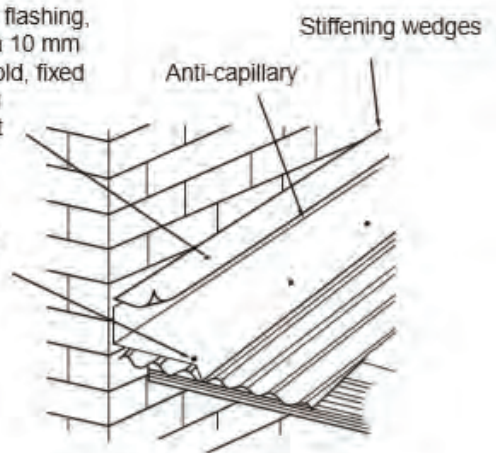

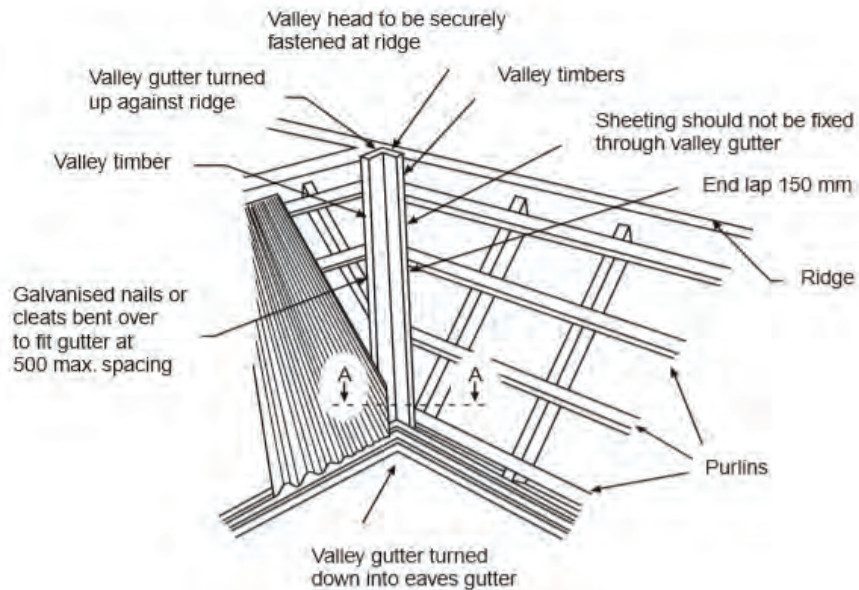

(a) Parapet flashing

Sloped wall flashing, incorporate a 10 mm weathering fold, fixed into a 15 mm deep saw cut

Fasten at 500 mm centres

(b) Sloped wall flashing

Don't just take our word for it...

"Excellent job we had the roof renovated, painted, gutter replacement and gutter guard installed and it looks great. The tradesmen were very efficient, tidy and professional.

Would most definitely recommend Focus to others thinking of doing the same."

Richard F.

"It has been an exceptionally long time since I've had such great communication and quality of service for trade work.

Focus finished the work on my roof yesterday and have gone above and beyond what I could have hoped. Thank you for a great job."

Janni

"Focus brang our roof back to life. The service was very high standard from initial contact through to the workman who completed the project.

The results are fantastic and we're very pleased with the professional but friendly attitude of the Focus team."

Barnadette A.

"My next-door neighbour was so impressed with the quality of finish to my roof he also signed up with Focus to have his roof done.

We were very impressed with the standard of their work."

iron and flat roofs plus
valleys and box gutters**

**Prevent blockages
that pose fire hazards
and water damage**

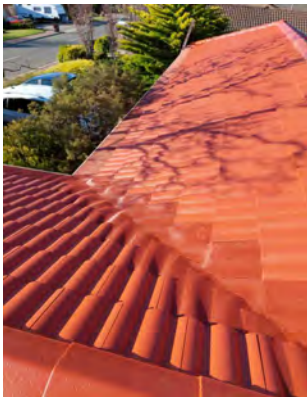

Before

After

**The Focus
Transformation...**

Our Service

We guarantee your gutters will be 100% free of leaves, sticks, bark and gum nuts for years after fitting.

Our qualified consultants will come to you to provide a free, no-obligation measure, design and quote service.

They can help you with various options, covering supply and fit. (You don't have to do the whole roof!)

Our Gutter Guard fitters are trained to clean the gutters, fit the selected mesh according to design and colour plus clean up afterwards.

How it works...

As water flows over the mesh, surface tension draws water from the top V face to the bottom, to fall off the ribs.

In this way, the surface tension effect eliminates “sheeting” of water over the mesh, ideal for rainwater collection!

Inspection Points

To create an emergency access, a small piece of mesh (approx. 100mm x 100mm) is removed at each downpipe.

A larger piece of mesh is then screwed over the cavity to make a simple, easy to use inspection point.

Valleys - (Gullies)

These fill with leaf debris and leak just like gutters, only this time you get the water inside!

A 750mm wide strip of mesh is fitted over the valley from top to bottom. A small bead of silicone is used to seal the mesh against the cap tiles at the top of the valley.

Save Money on Your Home Improvement

You won't believe how easy it is...

Display home sign for 12 weeks

We offer homeowners who have a complete job with Focus the opportunity to save substantial cash on their home improvement.

That's right! We'll cover a portion of the cost on us!

What do you have to do? All we ask is for your permission to display our signage at the front of your home for 12 weeks... that's it!

Do you have any of these? **What we look for...**
